Commissioner for Patents

The reply filed on May 06, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The election of species was required for emulsifying agent, which is generically disclosed in claim 1, and exemplified by the species in claims 8, 11, 12 and 13; a stabilizer, as generically disclosed in claim 1 and exemplified by the species of claim 9. For each of the above genera Applicant is required under 35 U.S.C. § 121 to elect a single ultimate disclosed specie for prosecution on the merits to which claims shall be restricted if no generic claim is finally held allowable. Where specific species are not identified in the claims, Applicant should elect specific specie from the Specification. An alternative method of election is to identify an Example, which collectively exemplifies the elected species. Applicant was also required to elect either styrene or styrene copolymers, of claim 5. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
